Man Slashes Throat After Taking Poison

SAN MATEO, June 29.—Choosing death rather than continued ill health, Michael Mergenthaler, about 70, former gardener at the home of A. P. Giannini, San Francisco banker, drank poison and then slashed his throat, presumably yesterday.

Mergenthaler's body was found slumped over on a kitchen table this morning by a rear residence neighbor, who had missed him since Monday.

He left no notes ascribing reasons for his act. He had recently undergone a serious operation, police were told, and had been in ill health for many months.

A blood-stained razor, a glass of water in which poison had been dissolved, and some poison powders were found on the kitchen table beside the body.

Mergenthaler, a resident here for 20 years, left no relatives here, but has kin surviving in the East. He lived at 521 South Eldorado street, and his neighbor, Tom Fallon, lived in the rear at 522 South Eldorado.

He named Joseph Foye and Robert West as the officers.

Bayshore Blasting Blamed For Damage

Blasts of dynamite set off in constructing the Bayshore highway in the Southern San Mateo County area broke the windows and weakened the underpinnings of the home of J. J. King, 166 Donahoe street, East Palo Alto, King charged in a $525 damage suit filed here today.

The action is directed against the Basich Bros. Construction Co of Torrance, Los Angeles county. The dynamite blasts were set off November 3, 1931. R. J. Scholz and Wayne Millington are counsel for the plaintiff.

Shortly after that he intends to come to his home in San Jose to make a vigorous campaign for re-election. Every portion of his district is to be visited. ILL HEALTH CAUSES WIFE TO TRY DEATH

Mrs. Thomas Ruggles Takes 10 Grains Of Poison

SAN CARLOS, June 30.—Because of ill health, Mrs. Eleanor Ruggles, 658 El Camino Real, took 10 grains of bi-chloride of mercury poison at her home here last evening in what police learned was a second suicide try.

Mrs. Ruggles is the wife of Thomas O. Ruggles, San Carlos plumber. He came home last night to find his wife in agony, and summoned Police Chief Edward Wheeler, who had her removed to the Community Hospital.

She had threatened to take her own life for some time, Chief Wheeler said.

The Ruggles family have lived in San Carlos for about 10 years.

At the hospital, it was said Mrs. Ruggles' condition was satisfactory and that she had a good chance to recover.

COUNTY AFFECTED BY NATIONAL TAXES

San Mateo county itself will be affected considerably by the United States government's new set of taxes unless it falls in the class of exempted taxpayers, County Purchasing Agent Ernest Werder said today.

Werder has asked the collector of internal revenue at San Francisco for an opinion as to which taxes the county must pay and which it will escape.

The increase in postal rates from 2 to 3 cents will cost the county $950 more this year to mail out its 95,000 tax bills, for example.

San Mateo county uses 100,000 gallons of gasoline a year, which would mean a $1000 tax for the twelvemonth, Werder said.

The tax of 2 cents per check would mean $60 to $80 monthly expense in one department alone, Werder believes, while the tax on lubricating oil in the road districts would amount to about $40 monthly, he said.

FIREMAN HURT IN S. M. GRASS BLAZE

SAN MATEO, June 29.—A badly cut foot was suffered by one fireman and more than a dozen homes were threatened by a grass fire which was believed to have been caused by sparks from a tractor here yesterday afternoon. The scene was Twenty-sixth avenue, between Florin and Isabel streets.

Henry Henrioulle, San Mateo fireman, suffered the foot injury. He stepped on a broken fruit jar which was concealed in the grass.

The fence at the home of George H. Thornton, 282 Twenty-sixth avenue, was burned by the fire, and and trees and other fences were damaged.

MENLO PARK CITY ENGINEER RESIGNS POST

L. C. Macabee Named As Successor To Bert J. Mehl

MENLO PARK, July 1. — Bert J. Mehl, city engineer here for the past two years, resigned from that office at Tuesday's council meeting. L. C. Macabee, former Menlo School faculty member, was appointed to the post.

Included in Macabee's duties will be those of the superintendent of streets and building inspector, posts also held by Mehl.

In his letter of resignation, Mehl declared that the pressure of private business made it impossible for him to devote sufficient time to his municipal jobs. His resignation was accepted to take effect on June 30. Macabee, who is now engaged in engineering work, will take office on July 1. He is a resident of Stanford Park.

Mehl was appointed city engineer to succeed George A. Kneese following a dispute between him and members of the city council over the proper engineering fee to be paid for work on the original Stanford Park paving project that was abandoned. Mehl has been in charge of several street improvement jobs performed in Menlo Park in the past two years.

Menlo Park Post No. 443, American Legion, was granted a refund of $7.50, which had been charged as a fee for police protection at its dance on May 14.

The council ordered the League of California Municipalities notified that the city had dropped its membership in the association.

V. Arata was granted an extension of the garbage collecting franchise at a fee of $10 a quarter.

An ordinance repealing portions of Ordinance No. 42, a former police ordinance, was given its first reading.

HOWARD WINS FULL CONTROL OF HIS SON

Judge Buck Removes Mrs. Herrscher As Guardian

Finding the whole family estranged because of Mrs. Fannie May Howard's marriage to her attorney, Edmond Herrscher, Superior Judge George H. Buck Thursday removed her as guardian of her son Robert, 15, student at the Menlo School.

This was a complete victory for the father, Charles S. Howard, millionaire California automobile distributor, who was given control of the boy, although Judge Buck said "neither party is entitled to his custody as a matter of right."

Judge Buck's action follows a hearing of the guardianship matter earlier this week, during the course of which he was displeased by the introduction of testimony by Mrs. Howard charging that her husband had a mistress, whom she later named as Miss Marcella Zabala, her own daughter-in-law's sister.

The court said of the Howard offspring: "They have three children—two fine young men (Charles S. Howard, Jr., and Lindsay Howard, both of Hillsborough) with families living with the father at Hillsborough, and this minor, Robert."

The Howards were finally divorced on May 17, this year, when Judge Buck granted her a decree on the charge of desertion. Within a few days, Mrs. Howard quietly was married to Herrscher in San Jose.

The court proceedings have been under way for many months. Louis Oneal of San Jose and Sullivan, Roche, Johnson & Barry, of San Francisco, have been the counsel for Mrs. Howard, while Ross & Ross and McCutcheon, Olney, Mannon and Greene have represented Howard and his two elder sons.

PETERSON STARTS ASSEMBLY FIGHT

Col. Frederick Peterson, widely-known civic leader of Burlingame, today launched his campaign for election as state assemblyman from San Mateo county. He is one of five candidates.

Peterson said his campaign would be an independent affair, and would be based entirely on his record.

"For a number of years I have been a public servant," he said. "I am seeking a seat in the assembly with the view of helping San Mateo county. I have launched and supported a number of civic betterment movements in this county, and I have fought hard for their success. If I go to the assembly I shall be no less aggressive in fighting there for San Mateo county."

LAYNE AND PIERCE, POULTRY DEALERS, INCREASE BUSINESS

Layne and Pierce, poultry dealers located on the highway at Atherton, near Redwood City have experienced one of the greatest increases in business recorded in this area for some time and the management gives practically all of the credit to the pulling power of Redwood City Tribune and Times-Gazette advertising. Beginning in a very small way, the business was conducted almost wholly on a wholesale basis until constant demands from the Redwood City public made it necessary to enter the retail field.

The well equipped poultry plant specializes in broilers, fryers, colored hens and all poultry is milk fed crate fattened.

The market is offering attractive specials for the holiday and will be open Sunday and Monday.

SUICIDE ATTEMPT MADE; S. M. MAN GIVEN FIRST AID

Fees and licenses collected by the Georgia Department of Game and Fish totaled $85,228 for 1931.

FREEHOLDERS ABANDON PLAN TO ELECT SUPERVISORS 'AT LARGE'

Ex-Officials Who Have Held Posts During Past Five Years Will Be Barred By Provisions in Charter

Completely reversing itself on the proposal to elect the supervisors "at large," the San Mateo County Board of Freeholders today stood in favor of selecting supervisorial representatives from districts, as at present.

This, and the raising of a barrier to keep out of the chief executive's chair any recently rejected public officer, and a vote against nepotism, were the outstanding provisions acted upon by the board at its meeting Wednesday night in the Redwood City courthouse.

Chairman James B. Howell of Atherton expressed a view to the board that a mistake had been made in providing for the election at large of the supervisors. He found this the sentiment of the majority.

Attorney J. E. McCurdy, San Mateo, said it would remove 70 per cent of the objection now heard to the charter as it stands. Burlingame, San Mateo and Hillsborough, he said, if so minded, could elect and control the board of supervisors.

Upon motion of McCurdy, seconded by Edward Brady, the board's former action was rescinded. Then, on motion of McCurdy, seconded by Mona Christensen, the board voted 11 to 2 in favor of retaining supervisorial vote by district.

No man or woman who has held a county office during the past five years in San Mateo county; no member of the board of freeholders, nor a member of the board of supervisors, will be eligible for appointment as the county manager, if this plan of government is approved by the people.

This will prevent a man getting the office, who possibly was defeated at the polls at the last election, and who could come in by appointment and discharge the very person who defeated him at the polls. This, it was said, would result in open revolt and would be directly against the will of the people until after the first appointment is made.

After the first managerial appointment, the slate will be clean, and anyone qualified will be eligible for appointment.

The board, on motion of Sam H. Winklebleck, seconded by Louis Chess, San Mateo, went on record unanimously for this barrier.

Nepotism (favoritism shown to relatives in appointments) was voted down by the freeholders, but in the case where blood relations are now holding down county jobs, they would be blanketed in. This would also affect the appointments of widows and sons or nephews of deceased public officials, who are selected because of their blood relationship, rather than their ability for the office.

Attorney McCurdy thought this going a "long way to kill a gnat," but the board stood against the practice by a 9 to 5 vote after the matter had been moved and seconded by Chess and W. H. Eddy, Burlingame.

What salary to pay a supervisor and whether to allow him mileage was a question which took up a good part of last night's meeting, but the final vote allowed the board members $150 monthly and mileage to and from Redwood City.

Prof. Edwin A. Cottrell of Stanford, advisor to the board, told the members not to set too high a salary, as a higher type of man will be attracted on a lower salary. If too attractive, many candidates will run merely for the wages, Cottrell said.

On motion of Mark Ryan, Redwood City, seconded by Chess, the salary of the board was set at $150 with no fees or mileage allowed. This was amended on motion of McCurdy, seconded by Christensen, that the amount be $200 without mileage. On a further amendment by Henry Hall, San Bruno, the motion was amended to include mileage as well as a salary. The amendment on the mileage carried. The amendment as to the $200 salary was rejected.

McCurdy and Christensen then proposed an amendment to the original motion that the salary be $175 monthly and mileage, which was rejected by a 9 to 5 vote, after which a $150 salary was approved, or $50 per meeting for the three meetings monthly.

Alvin Hatch, Half Moon Bay, speaking on the salary question, said that were the supervisors to be elected at large it would be necessary to graft to run for office because it costs $5,000 to canvass the county for votes. To avoid this, he would pay a more attractive salary.

Fixing a salary at not less than $6,000 yearly for the chief executive, on an amendment by John C. Nowell, Hillsborough, and Ryan, the board next debated whether to give the manager tenure. It was decided on motion of McCurdy, seconded by Ryan, that a term of four years should be fixed, the board of supervisors retaining the right to remove him at any time for cause.

July 1, 1933 was decided upon on motion of David Campbell, Daly City, as the date for the charter to become effective.

Until the charter is effective or terms expire, all county officers would be blanketed-in, and then would be subjected to re-appointment by the manager if holding appointive offices.

By unanimous vote, the board decided in favor of permitting the consolidation of county and municipal functions.

Decision to await further study before deciding to split the offices of public administrator and coroner was made by the board when Ryan reported that the purported high fees of the office were not as great as reported.

Safety Steps Assured For Bad Crossing

ATHERTON, June 29.—Further improvement of the dangerous Atherton avenue-Fair Oaks lane-state highway intersection here became assured yesterday afternoon when it was announced at the town council meeting that Mrs. Herbert Fleishhacker would deed a portion of the Fair Oaks lane-highway corner of their estate to cut back the corner and widen the mouth of the lane.

The cutting back of the corner on an 80-foot radius will match similar work done last year on the corner of the Robert S. Odell estate across the highway at the mouth of Atherton avenue. Its completion will bring the staggered intersection at this point more nearly into direct line.

The Atherton council refused the request of the San Mateo County Planning Commission to provide for a traffic count on July 10 and 11 at the Alameda de las Pulgas and Atherton avenue on the ground that "Atherton is out of sympathy" with anything that might lead to expense for new roads. Councilmen expressed opposition to any move to extend Alameda de las Pulgas to make it a main highway or arterial road. The motion was made by Councilman J. B. Howell.

A permit was ordered granted to the San Mateo County Horse Show Association to hold its show at the Menlo Circuis Club August 13-20 with certain regulations to be imposed in addition to those provided in the permit granted for last year's show.

A. J. Gerrard has been appointed chairman, and Mrs. Alice Slemons, secretary of the city planning commission, it was reported to the council.

The appropriation of $50 to the county charter study group was ordered continued for another three months. Members of the council voted not to renew the town's membership in the League of California Municipalities.

Recognizing the seriousness of the unemployment situation in this neighborhood, a committee has been formed for the purpose of rendering what aid is possible. Paul Fay is at the head of the committee. It is asked that all unemployed residents of the Woodside and Portola districts register within the next ten days at the Woodside Fire House with Fire Chief John Volpiano in order that the committee may ascertain the extent of the need and prepare to render what assistance may be possible.

Mrs. Leland John, president and president-elect of the Woodside Parent-Teacher Association, entertained the members of the outgoing and the in-coming executive boards at her home on Thursday afternoon. The official records of the order were transferred to the new custodians and plans were discussed for the work of the coming year.

As the house guests of Mr. and Mrs. Daniel C. Jackling, Mr. and Mrs. Milton Esberg will spend the Fourth of July. They will visit the Jacklings until July 7, attending the wedding of Miss Dorothy Mein and Mr. Charles W. Fay Jr.

The Woodside home of Dr. and Mrs. Herbert Moffitt was the setting last Wednesday for a tea given by Mrs. Moffitt for the members of the Woodside Garden Club, with Mrs. Martha Phillips, who has recently returned from Europe, as the speaker.

At the home of Mrs. George B. Somers, which they have leased for the summer, Mr. and Mrs. Latham McMullin entertained at an informal dinner on Friday evening. The guests were, Mr. and Mrs. Daniel C. Jackling, Mr. and Mrs. William P. Roth, Mr. and Mrs. Alexander Hamilton, Mr. and Mrs. Augustus Taylor and Mrs. Frank Thompson of Honolulu.

A number of Woodside residents went to San Francisco on Friday to bid bon voyage to Attorney Bert Shine, who left for Honolulu aboard the Mariposa.

Miss Gertrude Gibson is spending part of her vacation at Elwell Lake Lodge, Blairsden, near Feather River Inn.

COAST TRUCK LINE SERVICE IS DENIED

The Railroad Commission has denied a certificate of public convenience and necessity to Adolph Tolomei, E. Del Grande and L. J. Gerboni, operating as Half Moon Bay Drayage company, to establish an auto trucking service as a carrier of farm produce between San Francisco and San Gregorio territory. The decision holds that Coastside Transportation company is now serving the San Gregorio territory in an adequate manner.

Veterans Looking Forward To Picnic On 4th Of July

Plans are proceeding for the war veterans' picnic to be held on July 4 in Burlingame, with posts from San Mateo, Santa Clara, San Francisco, Santa Cruz and Alameda counties participating.

It will be a real "old-fashioned American holiday," according to the veterans. A barbecue and picnic will be its features, while outdoor games and other amusements will keep the old and young entertained.

An event of outstanding interest will be the baseball game between supervisor-coached teams, Dr. C. V. Thompson of Burlingame leading his Silk Stockings against Supervisor T. L. Hickey's South San Francisco Terriers.

The picnic luncheon will be served at noon without cost. County Auditor Edward Stack, Police Chief John J. Harper, Mayor C. A. Buck, Mayor Cotton and other notables will clean up the dishes.

Races of all kinds will be held following the barbecue. For the children, the Burlingame Fire Department will have charge of a fireworks program. The race program will include special events for the women and children.

Judges George H. Buck and Franklin Swart, James S. James, county surveyor; Dr. C. V. Thompson, supervisor, Mayors Buck and Cotton, and Col. Frederick Peterson, Burlingame assembly aspirant, form the honorary committee.

Post committeemen handling the affair are William Nunn, general chairman; Larry J. Barton, master of ceremonies and in charge of the special races; Comrades Freeman and Cline, cold drinks; Bettencourt, Brady, Bosevich, Herman and Mitchell, barbecue; Conley, regalia; McMillan, LeMond, Sinclair, Price, Mrs. Nunn and Mrs. O'Connell, games.

NONE CAN DENY THAT HOOVER IS LEADER NATION NOW NEEDS

It has always been traditional in politics that if the Democrats wish to win in a presidential election they must secure the votes of the Southern states and the State of New York. With a few scattering states in the north their chances of landing a president at Washington are good. Should they lose the south their hopes are gone.

With a dripping wet plank, as adopted by the Democratic convention at Chicago Wednesday, can the nominee of the convention carry the dry south? If that cannot be done, what will happen? It means that Herbert Hoover will succeed himself as the next president of the United States.

There are five states in the southern belt that are dry and under no circumstances will they vote for a wet candidate, be he a Republican or Democrat.

It is apparent that the Bourbon party is destined to lose the solid south next November and without these states the party is doomed to defeat.

Should Roosevelt be nominated he may carry New York, but there is no certainty of this in view of the antipathy to him by Tammany and the Alfred E. Smith faction.

It is apparent the Democratic party faces the approaching campaign with a great deal of uncertainty.

The Republican party begins battle with a safe and sane platform and a sound leader, tried and true, who has the confidence of the people.

Our country is facing a most critical period in its history, perhaps the greatest since the administration of President Lincoln. Who is better qualified to lead us out of our troubles than Herbert Hoover? He is no stranger to the intrigues of foreign governments. He understands the economic resources, the industrial methods, and the business organizations, not only of the United States but of nearly every country of the world. We have perhaps no man in the United States who has the broad vision as to the needs of his own country and of world conditions as has President Hoover. Who will say that he is not the natural leader to carry on the affairs of our government?

EDDIE CULLEN, R. C. CATCHER, BADLY SPIKED

Marred by the crippling of Eddie Cullen, star catcher of the Eagles, and three teammates, the Redwood City Eagles dropped a 5 to 3 contest to the Broadway Merchants (Aloise) nine at Burlingame Sunday.

Cullen was so badly spiked in the seventh inning that it was necessary to take him to the Mills Memorial Hospital in San Mateo to have several stitches taken in his leg.

Brown, centerfielder for the Merchants, was 30 feet off base when he saw he was trapped and came in spikes up. Cullen, not expecting Brown to slide in, was caught off guard and received painful wounds. Ray Farrell, second sacker, finished the game behind the log.

Farrell, Miller and M. Killilea, who was booked to play short for the Merchants, but held down the third sack for the Eagles instead, were spiked during the game. He garnered three hits out of four trips to the plate. Manager "Rocky" Rockhold picked him up.

The Eagles had a chance to tie the score in the ninth with two on bases and two out. Farrell singled and Jordan attempted to score from second, but was thrown out at the plate.

1932 SYMPHONY SERIES OPENS WITH UNUSUALLY FINE PROGRAM

By STAFF REVIEWER

The seventh season of concerts presented by the Philharmonic Society of San Mateo County was given a most auspicious opening yesterday afternoon in the Woodland Theatre, Hillsborough, when Sir Hamilton Harty directed the San Francisco Symphony Orchestra in a program which for diversity and genuine interest was outstanding.

It was a large and responsive audience, with a generous scattering of the musically great and well known, that welcomed the Irish conductor on his return to the peninsula. Rising to the occasion, Sir Hamilton directed the orchestra in a manner inspired.

Especially was this the case in the first half of the program. The numbers following the intermission were in the lighter vein, but entirely acceptable. The most notable number of the afternoon, in this reviewer's estimation, was the Mozart Symphony in G minor. That masterpiece of structure and inspiration, with its style suggestive of Beethoven, was interpreted magnificently. Virile, sparkling, crystal clear in line was the allegro molto movement; the andante, done with unobtrusive simplicity, offered an effective contrast; there was the grace of the classical tradition, and at the same time what may be called a modern directness and vigor, in the menuetto, while the final allegro raced and chattered like a brook in spring.

Of exceeding merit, two, was the Handel number composed of a polonaise, an arietta and a passacaglia. Sir Hamilton is endowed with the high imaginative powers of his race, and his work accordingly is arresting, sensitive to nuances, and limpid. Such qualities were manifest in those temples of tone constructed by the master Handel. As played by the orchestra they were significant, challenging to the attention.

The surge, the demonic fury and the high emotional excitation of the Francesca da Rimini of Tschaikowsky were portrayed vividly by Sir Hamilton and the musicians, who were completely under the spell of the wildly imaginative piece.

Berlioz's rather blatant "Carneval Romain" overture introduced the second group, and gave way to the Delius number, "In a summer Garden," a fine study in impresionism. The reel from Sir Hamilton's "An Irish Symphony" was so much appreciated that he repeated it. The introduction and cortege from "Le Coq d'Or" concluded the program.

On July 24 Bernardino Molinari, already familiar to peninsula music devotees, will be heard in concert at the Woodland Theatre.

KEEP BOYS AT HOME

A glance at any freight train laden with hoboes will impress the observer with the large number of boys who are on the road. Arriving at towns, these boys wander throughout the residence sections, begging for odd jobs to earn food.

In this they are not always successful. Desperate with hunger, they are the prey of older men who lead them into crime. Sacramento is full of such boys, but is no worse off than any other city of its size.

Fred C. Croxton, assistant director of the president's organization on unemployment relief has issued a warning against young boys leaving home in search of employment. He says: "It is general information that opportunities for work are no better in distant cities than they are at home. Practically every community has a definite policy of taking care of its own residents first, both in employment and relief. Young men who start out without funds searching for jobs meet this difficulty on every hand."

Croxton is supported in his opinion by many others who have investigated the matter. Among those who have issued warnings are Secretary of Labor Doak, Commissioner of Education William John Cooper and Miss Grace Abbott, chief of the children's bureau of the Department of Labor.

Miss Abbott says that "wandering about in search of work is not only futile, but is also a great hardship. It is no longer possible to pick up odd jobs to earn money for food. Such jobs are carefully reserved in every community for local residents who are unemployed. . . . Home conditions cannot be worse than those on the road. At home the boy is known and has friends."

The friendless boy who goes on the road has little chance of success. He should think carefully before attempting to find in other communities what he has failed to find at home. At best he cannot expect to find in a strange city what he has failed to find where he is known. He has everything to lose and nothing to gain by traveling in search of work.—Sacramento Union.

MERE PARTY LABELS

The greatest difference between the Republican and the Democratic parties during the past four years and for the next four years will be the contrast between their conventions in Chicago. When the Democrats get through with their international free-for-all, a matter of only a few days, that party will return to its normal resemblance to Republicans.

The majority of the Democratic delegates are pledged to Roosevelt. It is significant that the Roosevelt leaders are assuming the same attitude towards the prohibition question, that was assumed by the leading Hoover representatives at the Republican convention. Like Hoover, Roosevelt is supported both by irreconcilable drys and irreconcilable wets and by practical politicians that want to win an election by whatever course that will not antagonize too greatly any of the extremists. It is safe to say that if Roosevelt is nominated his men will fight for something that means as many things or as few things as the Republican platform on prohibition.

On nearly all other questions, the Democratic platform will differ from the Republican only in the ingenuity of its writers in using different combinations of words and phrases.

Both parties are eminently "safe."

And because each insists upon being more "safe" than the other, the condition of the nation will be less safe as a result.

America needs two different parties rather than two different labels. However, the bootlegging business has demonstrated to both parties that you can bottle the same poison under any number of labels that look different—and the trade buys the labels. Fortunately the two great parties don't deal in poison, experience having shown them that patent medicine platitudes and promises are better vote-getters.—Monterey Peninsula Herald.

COURTESY FOR FUN

Courtesy on street and highway is one of the finest preventives of automobile accidents, and the disposition to be decent is frequently a saver of lives. But the average motorist knows, by pleasant experience, that courtesy on the road has other values, too.

It is not true that courtesy costs nothing—courtesy would be worth nothing, very likely, if that were the price. Courtesy requires attention to the road, care in traffic, self-restraint at intersections and stops. Courtesy requires some slight exercise of the gray cells of the brain. The price of courtesy cannot be paid by any nit-wit.

At a busy intersection, or along a highway torn up for repairs, there are countless opportunities for ordinary politeness, friendliness, among motorists, and every display of courtesy is as refreshing as a glass of cold water on a hot day. It makes the trip and the day more pleasant for giver and recipient. It may or may not mean a saving in life and property. It actually does, without any question or computation, add to the fun of living.

The highways will be busy this summer, depression or no depression. We commend a few thoughts on courtesy to every driver who will use those busy roads. — San Diego Union.

"God" will be the subject of the Lesson-Sermon Sunday, July 3, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The citations which comprise the Lesson-Sermon will include the following from the Bible: "And Solomon stood before the altar of the Lord in the presence of all the congregation of Israel, and spread forth his hands toward heaven: And he said, Lord God of Israel, there is no God like thee, in heaven above, or on earth beneath, who keepest covenant and mercy with thy servants that walk before thee with all their heart: But will God indeed dwell on the earth? behold, the heaven and heaven of heavens cannot contain thee; how much less this house that I have builded?" (I Kings 8:22, 23, 27).

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "What is God? God is incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Truth, Love. Are these terms synonymous? They are. They refer to one absolute God. They are also intended to express the nature, essence, and wholeness of Diety" (p. 465).

SIAMESE TWINS—ONE PERSON OR TWO?

Are Siamese twins one person or two?

This is no idle question, but one which is perplexing the legal departments of several railways in the United States and Canada, as well as the passenger agents of various steamship companies.

The fare to be charged is the point at issue, and though it will probably make little difference in the yearly balance sheets of the lines, the principle of the thing is what counts.

One line is in favor of a single fare, holding that the twins are "one indivisable human entity."

Another wants to charge double because twins are twins, whether joined together or not.

But a third has complicated the problem by pointing out that they are quadrupeds, and the rate on those is determined by an entirely different tariff.

It reminds you of the disputes of medieval scholars on the vexing question of which came first, the chicken or the egg. And it seems as unlikely to be solved to the satisfaction of the disputants.

Perhaps the best ruling is that they are a couple of other fellows. That, at least, would settle it for everybody but the twins.—San Francisco Call-Bulletin.

COLLEGE ATHLETES HERE

Track and field athletes, 228 of them from some 36 colleges, are in Berkeley ready to take part, on July 1 and 2, in the great national intercollegiate meet.

Usually our western teams cross the continent to participate in this most important of college meets and usually, one or another of the coast teams wins. It is a compliment to California, one to the veteran coach, Walter Christie, and a recognition of the Olympic year preparations that bring the best of the nation's amateur athletes to the Golden State. In their numbers are men who have surprised the country with record-breaking performances. Certain events are to see competing as many as four and five men who have tied or shattered the previous best marks and it would seem certain they are to be treated to thrill and surprise.

With the coming of the most important of college athletic meets to Berkeley this part of the state will be given a pre-view of Olympic Games activities, a track and field treat such as it has not seen in years.—Oakland Tribune.

EVERYBODY'S PLEASED AND SATISFIED

It is gratifying to hear the universal satisfaction expressed by navy officials in Sunnyvale naval base.

Rear Admiral A. L. Parsons, chief of the bureau of yards and docks in Washington, who inspected the station yesterday, is the latest to add his commendation. Rather a feather in the cap of the bay region to be told that "this station will be the most complete of its type in existence"; that "its situation is ideal for its purposes," and that "it will be a much better station than Lakehurst."

We learned a valuable lesson in co-operation and team-work in overcoming the undeserved prejudice and strong political opposition to the Sunnyvale site. If we'll keep that fine spirit of "togetherness" and neighborliness we can be mutually helpful in adding many other benefits to the bay region. "All for one, one for all" is a good slogan for communities whose interests are as closely allied as are ours.—San Jose Mercury-Herald.

Tax Committee Has City Hall Conference

A committee representing the property owners' division of the Redwood City District Real Estate board, which is interested in obtaining tax relief, conferred with City Manager E. A. Rolison at the council room over the fire house yesterday.

Heads of departments, asked by the city manager to be present, so as to answer any question which the committee might care to ask, were Fire Chief Mark Ryan; City Engineer C. L. Dinnitt; City Tax Collector Nelle Miramontes; Chief of Police C. L. Collins and City Building Inspector I. C. Drathcan.

Committeemen present were Julius Smith, Thomas Tuite, Miss M. Cumming, A. Hess and H. Swanson.

The proposed budget will reduce the tax rate 15 cents.

Ty Cobb Is Visitor At Camp Yu-Mi-Ci-A

Ty Cobb was a visitor in Camp Yu-Mi-Ci-A Saturday, it was learned here Monday. He was presented to the Young Men's Christian Association boys by Big Bill Lange, former league ball player. Cobb spoke on the subject of young boys' health habits.

BURLINGAME, June 29.—Dr. Robert P. Surdez, 310 Chapin avenue, a San Francisco chiropractor, was attacked in his office in the Pacific building yesterday and robbed of $80 and a diamond ring.

Two masked men, one armed, held up the chiropractor. They bound him with adhesive tape and radio wire, which left its mark on his wrists. Dr. Surdez worked his way to the door and attracted a passerby's attention.

NEW PROSPECTS FOR RADIO

A new invention has been announced by a Cornell professor which, if all it is claimed to be, may add some 15 million people to phonograph and radio audiences. This new device is a "deaf speaker" which is expected to do for the deaf what an ordinary loudspeaker does for those with normal hearing.

The trick is in getting the sound waves to the inner ear through the teeth or the bones of the head. The invention is based on the fact that most cases of deafness are due to defects of the middle ear, while the inner ear is usually normal. The "deaf speaker" increases the loudness, frequency and force of the sound waves.

All will rejoice if the deaf can be made to hear in this way. A lost world of sound, entertainment and instruction will be regained, or a new one created. And radio will gain millions of new patrons who, for a while at least, will appreciate even the tom-toms and ballyhoo.—Santa Rosa Press-Democrat.

CONDITIONS TOLD ON STATE HIGHWAYS

The road is now open from Willows to Laytonville via Covelo. There is paved road the first three miles out of Willows, followed by fair gravel and some oiled surface to Fruto. Fair gravel road extends to Elk Creek, followed by fair but narrow and winding road to Alder Springs and the summit. Some stretches are quite rough. At present chains are advisable. From the summit to Covelo, Dos Rios and Laytonville conditions are good. Extreme care on turns is required between Willows and Covelo.

The road from Lake Tahoe to Fallen Leaf and Fallen Leaf Lodge has been considerably improved and is in good condition. The road has been leveled and scraped and the surface is to be graveled, followed by a dust coat of oil. The road from Meyers to Fallen Leaf Lake has been scraped and is in fair condition.

The first six miles of the Bucks Ranch road from Oroville to Quincy are paved, with good oiled surface for the succeeding 29 miles. Grading has been done on the next stretch, with oiling to follow. Thence to Bucks Ranch the road is rather chucky. The remainder of the distance to Quincy is in good condition.

Both the Auburn and Placerville roads to Lake Tahoe are in excellent condition. The Auburn road, U. S. 40, is paved and oiled surface to Truckee and Tahoe City. The Placerville road, U. S. 50, is paved and oiled to beyond Riverton, with good dirt and mountain road following over the summit to Meyers and the south end of the lake.

Grading has been done on the Ebbetts Pass road from Angels Camp and conditions are good to Lake Alpine. Work is being done on the road east of that point but it is still impassable for through travel.

Conditions on the Humboldt and Humbug roads from Chico to Lake Almador are reported as follows: Humboldt road, hard surfaced the first 25 miles, followed by a slightly rough stretch, then good to Butte Meadows; fair to Jonesville, some rough going over the summit, and then good to the lake. Humbug road, good to Chaparral, fair to the summit, rather rough to Longville, and then good to the lake.

The Kit Carson Trail is open from Jackson to Silver Lake, with some wet stretches and one-way sections the last few miles.

JOHN FERRARI

Business Phone 101; Res. 1885 Redwood City, Calif.

Menlo Park

The last will and testament of the late Dr. E. A. Blake was up for admission to probate in the superior court at Redwood City yesterday but at the request of the attorney, Edmund Scott, for the executrix, the matter was continued for one week. The estate consists of real and personal property valued at less than $10,000. By the terms of the document the two daughters of decedent are left $100 each, a son, Dr. Blake, is bequeathed the medical instruments and library and the residue of the estate is given to the widow of the deceased, Elizabeth C. V. Blake, who is also left the life insurance, and is made the executriz to serve without bonds.

A big stir was created at the regular meeting of the city council when the resignation of Bert J. Mehl, city engineer, superintendent of streets and building inspector, was read by the clerk. Surprise was expressed on all sides for the genial engineer was popular, efficient and painstaking in his work for the past two years when he succeeded George Kneese.

With considerable reluctance the council accepted the resignation of Mr. Mehl. He was paid a neat tribute by the council. Mr. Mehl intends to take up private work and for the present will reside in Menlo Park, where he has many friends, who wish success in all his undertakings.

L. C. Macabee, until recently engineer at Menlo Junior College, but now connected with the office of the county surveyor, was appointed to fill the vacancy at a salary of $20 in addition to the fees provided by these positions. Mr. Macabee is a graduate of the engineering department of Stanford University.

Menlo Park Post No. 443, American Legion, was granted a refund of $7.50 which had been charged as a fee for police protection at its dance on May 14.

The council ordered the League of California Municipalities notified that the city had dropped its membership in the association.

V. Arata was granted an extension of the garbage collecting franchise at a fee of $10 a quarter.

An ordinance repealing portions of Ordinance No. 42, a former police ordinance, was given its first reading.

The council adjourned to July 12.

Mayor Weeden, Councilman Crane and wife and J. E. Bracesco were among those who attended the celebration at San Juan last Sunday. The event commemorated the founding of the mission there in 1797.

Captain J. J. Alexander departs today for Samoa to be absent from Menlo Park for a period of one year. He is chief electrician for the government and spends half his time in foreign service and the other half in the United States. This is to be his last work away from the country, he having served the alloted time for such purposes as required by the government. In the future his permanent home is to be in Menlo Park. Some years ago he purchased the old Humphrey home near Live Oak avenue.

Mr. K. Winter, who passed away in San Francisco last week, was an uncle of Mrs. John Welsh and Miss Bertha Kuck of Menlo Park. He and his family are pleasantly recorded in Menlo's past. Mr. Winter had two pretty daughters that were well-known here 20 years ago when they spent their summers in the Kuck Hotel. One of the girls, Sophie, was unusually pretty and blithesome. Her arrival, in the most delightful month of the year, June, when all nature is in its happiest mood, would cause a stir among the swains of that time who paid court to the beautiful girl with golden tresses from far off San Francisco. Many functions took place in the commodious ball room of the hotel in her honor, she being the center of all attraction on those occasions. She was the bell of the ball sought by all for her rare beauty and pleasing and genial personality and charm of manner. This is just a leaf from the pages of Menlo's past.

Father J. M. Cassin, who passed away in Santa Rosa recently at the age of 85 years, was well known in Menlo Park, where he frequently visited his old friend, Father Lyons, when he was pastor of the Church of the Nativity. Father Cassin was pastor of St. Rose's Church at Santa Rosa for 45 years. The aged priest was revered and loved by all creeds and classes of Sonoma county.

Leon Douglass departed for Honolulu last Saturday to be absent until Agust 15. He went on the Malola, the best ship afloat. Mr. Douglass will combine pleasure with business while on the islands.

The assistant pastors of the archdiocese are making their annual retreat to St. Patrick's Seminary this week. The pastors of the diocense finished their obligations in this respect last week. Several former priests who lived here in times past, called on old friends before departing for their respective homes.

MENLO—Times-Gazette . . . . . James G. Mason and his two daughters have opened their summer home at Seabright, by the seashore, for the season.

"When Menlo Went Dry," a classic poem written a quarter of a century ago by a widely known poet, since dead, is now in big demand. Several inquiries have been made lately about it by former residents of Menlo Park. The classic was inspired by the closing of the saloons in Menlo Park, when a law was adopted by the state legislature closing all bars within a mile and a half of any university. The limit caught this place, so the town went dry. The law was enacted through the efforts of the late David Starr Jordan to prevent his students from patronizing the drinking places at Mayfield and Menlo Park. Palo Alto, of course, was too sedate to have saloons. If the poem can be resurrected it will be produced in this paper.

Early Tuesday morning Officer Thomas Kearney was called to the Alameda to report on an automobile mixup. On arriving there he found a small car turned over on the roadside. With the aid of another man the machine was righted, when up jumps Thomas Ehrman of Atherton none the worse of having the car resting upon him. Ehrman explained his machine skidded and turned turtle, pinning him beneath. He only suffered a few bruises as a result of his hazardous experience. The young man believes he was born under a lucky star and no doubt he was. Mr. Ehrman is a society leader and a very splendid young gentleman.

Mrs. L. P. Gray Gravely Ill

Mrs. Lindsey P. Gray has been critically ill the past few days, and her daughter, Virginia, is staying with Mrs. Swickard, Mrs. Gray's cousin, at Oakland.

Winners In Menlo Golf Play Named

Mrs. Marshall Madison won low gross honors and Mrs. Hugh Porter turned in the best low net score in a consolation tournament staged Tuesday at the Menlo Country Club as a wind-up to the Ladies' Club tourney which was held last week. Mrs. Madison turned in a card of 85.

Mrs. A. M. Brown, Jr., captured the championship flight in the match play last week. Mrs. John Heywood was runner-up. In the second flight Mrs. Frank Hooper came down in front with Mrs. T. D. Boardman in second place. Low gross honors in the play went to Mrs. A. M. Brown while Mrs. Robert Hunt captured low net.

A two-ball foursome tournament will be held on Friday according to an announcement by Mrs. Ira Lillick, secretary of the club. The annual invitational play will be staged next month.

Shooting Star Troop Enjoys Scout Outing

Several Girl Scouts of the Shooting Star troop at Menlo Park enjoyed an early morning hike and out-door breakfast, consisting of pancakes and bacon cooked in scout fashion, this week. The event took place in the grounds of Mrs. Werthman's residence.

After breakfast, the girls hiked up San Francisquito creek and had a swim. They returned in the evening.

Mrs. Emma Cumpherman is leader of the troop.

The allowance to state officials and employes of Montana for use of their automobiles on state business has been reduced from 10 to 7½ cents a mile.

Events Planned For Menlo Club On July 4th Week-End

The Menlo Country Club will be the scene of a summer supper dance Saturday evening. Fourth of July week-end festivities will continue on Sunday with a Scotch mixed foursome tournament and on Monday with the closing rounds of the tournament and swimming events.

Miss Dorothy Mein of Woodside, whose marriage to Charles Fay, Jr., will take place July 7, was guest of honor at a dinner given Saturday evening at Menlo Park by Miss Grace Hamilton. Her bridal party was given a luncheon at the San Mateo home of Mr. and Mrs. George A. Pope, Jr., yesterday.

A barbecue breakfast in the redwood grove on the Hooper ranch near Woodside followed the Sunday morning ride from the Menlo Circus Club this week. Mr. and Mrs Remi E. Sbarboro were hosts. After breakfast many of the riders remained for bridge and outdoor games. Those in the party were Mrs. A. H. Fiske, Mrs. Charles Strub, Mrs. T. I. Fitzpatrick, Mrs. A. O. Stewart, Mr. and Mrs. Edward Bacon, Mr. and Mrs. St. George Holder, Mr. and Mrs. Robert S. Odell, Mr. and Mrs. A. E Schwabacher, Mr. and Mrs. A. W. Albert Lansburgh, Robert Odell, Jr., Drury Saunders, and John Shortridge.
